

ENVIRONMENTAL, SOCIAL AND GOVERNANCE POLICY

Information in relation to the consideration of social, environmental and good governance criteria in Normandie REIM's investment and management process.

The applicable regulatory provisions are the following: articles L533-22-1 and D533-16-1 of the French Monetary and Financial Code.

Although Normandie REIM is informed and aware of the importance of taking into account social, environmental and good governance criteria, it does not give priority to these criteria in the development or implementation of its investment and management process.
